Creation of original music – First feature film bonus

– Application deadline: **27 November 2026**

This grant is aimed at composers creating their first original score for a feature film.

The aim is to support composers in creating original music for their first feature-length film, covering production, publishing and distribution.

An artist may apply for this grant if they meet the Sacem criteria, in particular:

- Being recognised as an author/composer in the Sacem repertoire
- Having a registered catalogue of works
- Having generated copyright royalties meeting the required thresholds

Eligibility criteria for applicants:

- It must be the composer's first feature film.
- The film must have been released in cinemas in France during the current year.

The application must be submitted online via your creator member area and must include the following documents:

– Evidence of the film's release (e.g. film poster) and/or a link to Allociné or Boxoffice

⚠️ Failure to provide these documents will result in the postponement of the assessment of any further applications submitted by the project leader.

The grant is capped at €2,000 and cannot be combined with any other Sacem grant for the same project.
